

Regulatory Compliance Statement

Elara Luxe™ (ELX)

Origen

To the best of our knowledge, Elara Luxe (ELX) cosmetic colorants are not manufactured with ingredients of animal origin.

To the best of our knowledge, ELX Cosmetic Colorants are not manufactured with any genetically modified organisms (GMO).

DayGlo Color Corp. hereby attests that the brown rice protein used in ELX Cosmetic Colorants is of natural origin.

Allergens

ELX Cosmetic Colorants are not manufactured with any of the following allergens: milk/milk products, peanuts/peanut products, fish, crustaceans, soybean/soybean-based products, egg/egg products, nuts/nut products, mustard/mustard products, celery/celery products, sesame seeds/sesame seed products, lupin/lupin products, sulfur dioxide and sulfites.

ELX Cosmetic Colorants are naturally gluten free. An allergen control procedure has been implemented to avoid allergen cross contact from other gluten containing products.

Animal Testing

ELX Cosmetic Colorants and ingredients are not tested on animals.

California Proposition 65

ELX Cosmetic Colorants are not manufactured with any California Proposition 65 substances.

CMR (Carcinogenic, Mutagenic or Toxic to Reproduction)

ELX Cosmetic Colorants do not contain any detectable levels of carcinogens, mutagens, or reprotoxic (CMR) substances.

Kosher

ELX Cosmetic Colorants are Kosher certified.

Halal

ELX Cosmetic Colorants are Halal certified.
