

Heavy Metals Declaration

Elara Luxe™ (ELX)

The heavy metal information provided below serves as a representation of Elara Luxe colorants and may display minor variations from batch to batch due to the natural occurrence of heavy metals in the plant protein source. This information is typical for Elara Luxe products, as DayGlo Color Corp. does not conduct heavy metal analyses on every batch. The heavy metal composition of the FDA-certified dyes is available in their published identity and purity standards. It is widely known that heavy metals, such as arsenic, cadmium, and lead, naturally exist in all plants grown in healthy soil as they are present in the Earth's crust. Therefore, any metal present in the soil or surrounding water bodies can potentially seep into the plants we consume, affecting both conventionally and organically grown crops. Additionally, certain metals like iron, copper, chromium, selenium, nickel, and zinc are vital nutrients in small quantities for the human body.

Test USP Method <233>

Antimony	<0.50 ppm	Not detected, 0.50 ppm Practical Quantification Limit
Arsenic	2.4 ppm	
Barium	2.1 ppm	
Cadmium	<0.50 ppm	Not detected, 0.50 ppm Practical Quantification Limit
Chromium	9.7 ppm	
Cobalt	<0.50 ppm	Not detected, 0.50 ppm Practical Quantification Limit
Copper	13 ppm	
Lead	<0.50 ppm	Not detected, 0.50 ppm Practical Quantification Limit
Mercury	<0.25 ppm	Not detected, 0.50 ppm Practical Quantification Limit
Nickel	9.0 ppm	
Selenium	7.0 ppm	
Zinc	72 ppm	

DayGlo has gathered the information it provides herein using appropriate methods to ensure its accuracy. Such information is true and correct to the best of DayGlo's knowledge and belief as of the date recorded at the top of this document. Customer acknowledges that DayGlo may have relied on information provided by others in completing this declaration, and DayGlo may not have independently verified such information. Customer further acknowledges, notwithstanding any other agreements to the contrary, the information provided herein is provided solely for the Customer's reference on an "AS-IS" basis, and without warranty of any kind, expressed or implied. DayGlo hereby disclaims any and all liability associated with the Customer's use of information contained within this document.
